

## UCY15-CE Product Datasheet

Item number: 10-030

### General Information

|                    |  |
|--------------------|--|
| <b>Description</b> | Blend of TOFA and DTO  |
| <b>Uses</b>        | Alkyd resins, industrial oils, soaps, drilling fluids, surfactants and bitumen emulsions |
| <b>CAS</b>         | 61790-12-3 / 8002-26-4   |
| <b>EINECS</b>      | 263-107-2 / 232-304-6  |

### Typical properties

| <b>Analysis</b>                | <b>Value</b> |
|--------------------------------|--------------|
| Acid value                     | 190          |
| Gardner color                  | max. 6       |
| Rosin acids (%)                | 15           |
| Density at 20 °C (g / ml)      | 0.922        |
| Oleic acid (%)                 | 36           |
| Linoleic acid (%)              | 25           |
| Abietic acid (%)               | 4            |
| Dehydroabietic acid (%)        | 2            |
| Palmitic and stearic acids (%) | 2            |
| Unsaponifiable (%)             | 4            |

### Transport

|                               |   |
|-------------------------------|---|
| <b>Handling &amp; storage</b> | Under cover and at a temperature between 10 and 30 °C, containers must be kept closed, this product is sensitive to crystallization |
| <b>Stability</b>              | Stability of about 6 months in standard conditions  |
| <b>Packaging</b>              | Available in drums of 190 kg net weight on pallets of 760 kg net, in plastic containers of 900 kg and in bulk                       |
| <b>Custom tariff</b>          | 3803009000  |
